ABOUT

ZENISTA'25 is a nationwide technical fest organized by the Department of Electronics and Communication Engineering at Sri Sairam Engineering College. This is the 28th time the festival is being hosted. The event challenges students from various colleges with real-world issues, helping them develop as engineers. The motto for ZENISTA'25 is " COME, LET'S EXPERIMENT, ESTABLISH AND EXPAND! "

VISION

To ignite curiosity, foster innovation and celebrate interdisciplinary brilliance by creating a dynamic platform where students unite to learn, compete and lead — all while reimagining the boundaries of technology, creativity and collaboration.

MISSION

M1: To curate engaging events that blend technical excellence with creative thinking and cultural relevance.

M2: To empower participants with real-world problem-solving, communication, and teamwork skills through gamified and immersive challenges.

M3: To build a community where knowledge meets innovation — and every student finds a space to shine, share, and shape the future.

EVENTS

EVENT DESCRIPTION

GenZverse : Where Brains Meet Buzz !

Dive into the ultimate trend-tech puzzle showdown blending quizzes, memes, memory games, and debates! From pop culture to cutting-edge tech, test your GenZ instincts through thrilling rounds of logic and recall. Team up in pairs, swipe smart, decode fast, and rise as the ultimate GenZ champs. Open to all departments — it's not just a quiz, it's a vibe!

TESSERACT: Enter the Fourth Dimension of Tech Challenges !

Embark on a multi-domain tech gauntlet across ECE, Physics, and Computer Science. From blazing-fast MCQs to encrypted puzzles and hands-on circuit face-offs, each round pushes your logic and versatility to the edge. Form your tech trio, decode with precision, and clash circuits to victory. Open to all departments — where theory meets thrill, and minds bend dimensions!

CircuTricks : Let Your Circuits Speak Louder Than Words !

Dive into the ultimate logic showdown where you debug glitches, simulate designs on Tinkercad, and build real-time prototypes! CircuTricks blends brainpower with hands-on skills in three high-voltage rounds of tech fun. Whether you're a circuit sleuth or a design genius, this is your platform to spark innovation and electrify the arena. Open to all tech enthusiasts — it's time to outwit, outbuild, and outshine!

TimeCypher : Travel Through Time - Decode with Mind !

Step into a time-traveling adventure through the world of ECE! From fast-paced quizzes to decoding Morse code and cracking connection games, this event fuses logic, teamwork, and fun across three thrilling rounds. Whether you're deciphering the past or acting out the future, TimeCypher is your portal to a brainy, high-energy challenge. Open to all ECE buffs and logic lovers — are you ready to beat the clock?

Past Forward : A Time Travel Tech Odyssey !

Reimagine history with your innovations! In this unique paper-cum-project event, pitch game-changing tech ideas that could have revolutionized the past or reshaped the future. From AI in ancient times to drones in lost civilizations, your creativity is the time machine. Present with passion, showcase your vision, and leave your mark across timelines. Open to all departments — no prelims, just pure innovation!

Act O'Clock : Relive the Reels. Race Against Time !

Take a cinematic time jump through iconic Bollywood and Kollywood moments! Test your movie knowledge, communication skills, and acting flair in three thrilling rounds — from lightning-fast film recalls to dramatic silent performances. Perfect for film buffs, mimers, and performers alike. Join the fun, race the clock, and relive the magic of Indian cinema!

Clocks & Kings : Every Move Matters. Every Second Counts !

Enter a thrilling chess duel across timelines where strategy meets speed! From blitz battles to intense rapid face-offs, test your wit, reflexes, and focus in this ultimate time-travel-themed chess war. One board, countless possibilities — only the calmest minds will claim the Time Crown. Open to all chess lovers and strategists — your move decides your destiny!

Chronos Mandate : Rewrite the Past. Decode the Future !

Step into the role of a Temporal Agent and restore fractured timelines through logic, storytelling, and creativity! Decode present-day puzzles and build imaginative solutions to past and future crises using basic materials. This non-technical, immersive adventure challenges your mind like never before. Open to all departments — time needs fixing, and you're the one for the mission!
